

Tips to Reach Out to Teachers

- **Finding Teachers:** Ask the people you know to see if they know any teachers. Start with those contacts and if they can't host you, ask them if they know any other teachers that might be interested in speaking to you.
- **Contacting Teachers:** Recognize that teachers are very busy and it may take time to get a response from an inquiry. It will be easier to contact some by phone and others by emails. Be persistent but not annoying.
- **Appealing to Teachers:** Teachers will be eager to host you if you help them teach their content. Although few curricula focus on Peace Corps countries, get creative to see what links you can make, or alternatively, offer to lead an activity that the teacher can't.
