* Based on 50 percent of the Meals and Incidental Expenses (M&IE) breakdown for Washington, D.C., (rounded up to the nearest whole dollar) which is calculated periodically by the U.S. General Services Administration. Future changes in these

allowance amounts will be made by the OCFO to reflect changes in the Washington, D.C. M&IE rates. The OCFO will have up to 6 months from a change in the Washington, D.C. M&IE rate to change the allowance rates based on changes in the Washington, D.C. M&IE rates.

Notes:

1. For those on **Emergency Leave**, payment of living allowances will continue during the emergency leave period and related travel time, but not during any extended period of leave. A maximum of 14 days may be approved by the CD and paid in full prior to departure from post.
2. **En Route Allowance** is provided to defray costs incurred during travel to/from the country of assignment and the United States or to/from the country of assignment and a third country for assignment, medevac, PC/W consultation, termination, transfer, re-enrollment, etc. Recipients receive a \$40 allowance per travel day. The Regional Directors or the directors of Peace Corps Response, OMS, or BHO (for medevac or medical consultation), may authorize an increase in the En Route Allowance not to exceed the State/FTR published rate.
3. Daily rates outside of the allowances paid in the United States are as follows:
 - (a) If **lodging and meals are provided** at Peace Corps expense, the allowance is \$5 per day for incidental expenses;
 - (b) If **lodging only** is provided at Peace Corps expense the allowance is \$40 per day; or
 - (c) If **lodging and meals are not provided** at Peace Corps expense, the allowance is \$40 per day plus lodging (the actual cost of the lodging may be paid up to the maximum amount authorized for Peace Corps employees in the same country).

Medevacs: The first three days of the allowance should be paid in U.S. currency by the post prior to departure, plus the En Route Allowance.

Evacuation: The allowance is normally paid in local currency by the receiving post or USD in the U.S.

4. Payment of the Monthly Living Allowance to recipients on Medevac or Medical Hold will continue for up to two months. Daily rates outside of the allowances in the country of assignment or a third country are as follows:
 - (a) **Medevac**
 - (1) If hospitalized – \$5 per day and in accordance with the instructions issued by the Office of Medical Services.
 - (2) If **not** hospitalized – Per diem rate for in-country recipients as authorized by the host country CD. For third country medevacs, the allowance is \$40 per day. Daily rates in excess of this amount for medevac or medical consultation require approval from OMS or BHO.

- (b) **In-Country Medical or In-Country Administrative Hold** – Per diem rate is established by the CD not to exceed the rate set for PC staff.
5. When a recipient's personal travel is interrupted by a medevac, medical hold, or other instance at the discretion of Peace Corps, the agency may pay any additional costs incurred as a result of a change in a recipient's itinerary if the travel arrangements were changed for the convenience and at the request of the government. This interrupted travel must be approved by OMS, COU, or the Region prior to the change being made.
 6. **Settling-In Allowance** is paid to newly assigned PCVs upon completion of PST to purchase necessary housing supplies, clothing, and equipment. If a PCV is reassigned to another location, an additional settling-in allowance may be authorized if the CD feels it is justified. The amount is based on established rates as determined by the previous Settling-In Allowance Survey. All newly assigned PCVs will complete a survey form within three months of swearing in and any adjustments will be based on an analysis of the survey as approved by the CD. Increases over 10% per fiscal year must be approved by the RD based on analysis submitted to PC/W to ensure the availability of funds.
