Attachment A – Submission Form for Peace Corps Forms

1.0 Purpose
This Manual Section sets out the Peace Corps' forms management policies and procedures.

2.0 Authorities

3.0 Applicability
This Manual Section applies to all Peace Corps offices and all forms created by the Peace Corps. It does not apply to other federal government or private sector forms.

4.0 Definitions
(a) A form is a document with blank spaces to be filled in with particulars.
(b) An **intra-office form** is a form intended for the exclusive use of a specific Peace Corps office.

(c) An **inter-office form** is a form intended for use by more than one Agency office. This includes any form that collects information from a currently-serving Volunteer.

(d) A **public-use form** is a form that collects information from ten or more members of the public. Individuals or entities other than Peace Corps staff or currently serving Peace Corps Volunteers/Trainees are considered members of the public for this purpose.

(e) An **office** is any approved organizational unit within Peace Corps, regardless of whether or not the unit is denominated as an office. Each post and regional office is considered to be a separate office.

(f) An **originating office** is an office that creates or revises and is responsible for a particular form.

(g) A **relevant or affected office** is an office other than the originating office:

   (1) from which information will be collected on the form;

   (2) which will use information collected on the form; or

   (3) whose activities are affected by information on the form.

### 5.0 Policies

(a) Forms must be approved and cleared as set out in this manual section before they may be used, authorized for a print order, or posted on a Peace Corps Internet site or the Peace Corps Intranet.

(b) An intra-office form needs approval only from the head of the office.

(c) Inter-office and public-use forms need approvals as described in Section 6.

(d) All new public-use forms must be approved by the Office of Management and Budget (OMB) before they may be used. Consistent with requirements of OMB, public-use forms must be re-approved every three years. OMB-approved forms may not be modified without OMB approval.

(e) Other forms will be revised as needed. Revisions to an existing form require approvals consistent with those required for the original form.

(f) Federal government forms (e.g., Standard Forms (SF)) may not be revised or manipulated without approval from the General Services Administration. The Privacy Act Office will work with any office requesting changes to a government-wide form.
(g) All Peace Corps inter-office forms will be posted on the Peace Corps Intranet except where the Privacy Act Office has approved an originating office’s request that a particular form be exempt from posting.
