Position Summary

Peace Corps Eastern Caribbean is seeking a qualified medical provider (physician or nurse practitioner) to serve as an on-call Backup Medical Provider in Dominica. The Backup Provider will provide clinical care for Peace Corps Volunteers and Trainees in the absence of a Peace Corps Medical Officer (PCMO) or assist the PCMO during busy times of the year. The Backup Medical Provider will provide direct patient care, make referrals to external medical consultants or facilities, and assist with administrative duties and health education when indicated. When on call, the backup provider will be available by telephone and/or be present at the Peace Corps Eastern Caribbean office in Dominica.

Work Schedule: Work is intermittent and will be compensated at a fixed daily rate. Work may include weekends, evenings, and holidays. This contract is for up to 30 contracted days.

Peace Corps may select one or more BUMP PSCs from the applications received in response to this announcement or may decide not to fill any PSC positions. All PSC positions are subject to the availability of funds and continued need.

Responsibilities

- Routine primary health care to Peace Corps Trainees and Volunteers including treatment of common illnesses and injuries in accordance with Peace Corps medical guidelines.
- Respond to emergency medical situations
- The backup provider shall provide direct patient care, referrals to outside medical consultants or facilities, i.e. hospital or emergency department, depending on the specific in-country arrangements, and assist with administrative duties and health education when indicated.
- The backup provider will also function as a PCMO and perform any or all of the PCMO duties. The backup provider shall be available around-the-clock by telephone or be present in the Health Unit on those contracted days.
- The backup provider is expected to examine all medically unstable Volunteers as soon as possible, even if the backup provider must travel to them.
- The back up provider is expected to oversee the care provided to Volunteers.
- The backup provider is expected to familiarize themselves with all available informational and clinical resources in the Peace Corps Health Unit.
- The Backup provider is expected to participate in any Medical Drills and any emergency Drills at the request of the Country Director.
- The Backup provider is expected to support PCVs in remote areas 24/7 when required on contracted days.
- The backup provider is expected to prepare written documentation that describes the consultation with a Trainee or Volunteer, care and treatment prescribed/provided, and diagnoses must be documented in the health record.
