Technical Coordinator for Promoting Agricultural Education for Sustainability (PAGES) Statement of Work

TYPE OF CONTRACT: Intermittent contract estimated at approximately 100 days per year. Contractor will be paid for days worked per the schedule required by Peace Corps.

1. BACKGROUND

Summary

Under the supervision of the Promoting Agricultural Education for Sustainability (PAGES) Program Manager (PM), the Technical Coordinator for PAGES will train PAGES Trainees/Volunteers during pre-service training (PST) and in-service training (IST) using practical field-based experiences and theoretical classroom teaching taking into consideration Peace Corps Togo's Logical Project Framework (LPFs); adult learning principles; and societal, cultural, and operational realities related to the Togolese agricultural landscape. The incumbent is a member of the training team and is expected to collaborate with other members of the training team (Language and Cross-Cultural Facilitators [LCFs], Language and Cultural Coordinator [LCC], Training Manager [TM], Monitoring, Reporting, and Evaluation Specialist [MRES], and PAGES Program Assistant/Regional Coordinator [PA/RC]) when planning, designing, and implementing agriculture training materials and activities.

Country Program Information

In 1961, United States President John F. Kennedy established the Peace Corps, an independent US Government Agency, to promote world peace and friendship through the service of American Volunteers abroad. The Peace Corps has 3 goals:

- To help the people of interested countries in meeting their need for trained men and women.
- To help promote a better understanding of Americans on the part of the peoples served.
- To help promote a better understanding of other peoples on the part of Americans.

In Togo, the first Peace Corps Volunteers arrived at the invitation of the Togolese government in 1962. Except for the 2020 – 2022 COVID-19 pandemic period, the program has been continually active since then, and to date has hosted over 3000 Volunteers. Prior to evacuation for COVID-19, the program brought in approx. 50 trainees each year, giving a total in-country presence that on occasion exceeded 100.

With the return to service, Volunteers are eventually expanding to serve across four of the five districts of Togo in three different sectors:

- Promoting Agricultural Education for Sustainability (PAGES), where Volunteers assist smallholder farm households to achieve food and nutrition security, sustainable livelihoods, and increased resilience.
- Targeting English Education for Change (TEECH), where Volunteers work with girls and boys in public schools to strengthen their communication skills in English and have more equitable access to academic and/or professional opportunities.
- Community Health Education and System Strengthening (CHESS), where Volunteers assist rural communities to obtain improved health outcomes through education and strengthened Ministry of Health systems.

MAJOR DUTIES AND RESPONSIBILITIES

The duties of the PAGES Technical Coordinator include but are not limited to:

Technical Instruction

- Technical Session Instructional Design – In conjunction with the PAGES PM, the PAGES Program Assistant/Regional Coordinator (PA/RC) and other relevant staff members, identifies and reviews the Agriculture project-specific global core sessions that will be facilitated in PST and In Service Training (IST). Works closely with the Language team to ensure technical vocabularies are integrated into language classes and technical vocabulary words are translated into French. Creates and maintains appropriate learning environments for training.
- Technical Learner Support – Plans and facilitates classroom routines that support learner independence. Encourages host families, LCFs, and community members to support the technical learning of Trainees/Volunteers and to assist with their practical activities in the PST community.

Technical Training Administration

- Actively participates in the Training Design and Evaluation (TDE) process to ensure the 27-month training curriculum accurately reflects the objectives and the activities of the PAGES Logical Project Framework (LPF), its accompanying M&E Plan, and Trainee/Volunteer training needs.
- Performs necessary pre-training research and preparation as defined in coordination with the PM, PA/RC, and TM.
- Facilitates technical training sessions in English and French.
- Organizes a practicum, classroom observations, and field activities for PAGES Trainees and Volunteers.
- Assists members of the training team in training Community Integration facilitators (CIFs) and counterparts.
- Participates in training team meetings and provides technical recommendations to strengthen Trainee/Volunteer performance

Trainee/Volunteer Support and Management

- Trainee/Volunteer Technical Skills monitoring and assessment – Participates in the Trainee Assessment process and shares feedback regarding the readiness of each Trainee to perform in his/her proposed Volunteer assignment. Provide mentorship and guidance to Trainees/Volunteers on technical competencies and resources needed to strengthen acquisition of technical competencies.
- Volunteer site matching and assignment – Assists PM in analyzing Trainee technical competencies and other programmatic factors that support staff in assigning Trainees to permanent sites.
- Coaching – Assists PM to review, monitor, and evaluate Trainee progress to identify strengths and weaknesses or sector specific-related deficiencies and provide necessary guidance, motivation, and encouragement to Trainees/Volunteers.
- Performance management - Documents Trainee/Volunteer learning progress using Peace Corps' standardized tools. Assesses Trainee/Volunteer technical performance during practicums. Identifies related problems or limitations and provides advice and consultation as necessary. Supports other staff in ensuring Trainee/Volunteer adherence to Peace Corps policies and standards of conduct. Documents and report cases of inappropriate behavior to the Program Manager and Training Manager in a timely fashion.
- Trauma-informed support – Understands the physical, social, and emotional impact of trauma on Trainees and Volunteers and reports trauma-related matters to Peace Corps Medical Officers (PCMOs).

Other

- During PST, uses the Peace Corps Training phone to keep in contact with Trainees, host families, community collaborators, Safety and Security Manager, Peace Corps Medical Officers, and other members of the training team.
- Performs other duties or assignments, when deemed necessary by the Country Director, Director of Programming and Training, Training Manager, and/or Supervisor, for the successful implementation of Peace Corps program(s) and/or operations in Togo.

3. SAFETY AND SECURITY

Addresses Volunteer safety and security by adhering to Peace Corps site development policies and procedures. Identifies and immediately communicates Volunteer safety and security concerns and issues to the Safety and Security Manager (SSM) and the Country Director (CD). Assists Program Managers/APCDs to ensure that prospective sites meet established programmatic and safety/security criteria (e.g., safe housing, a clearly defined assignment with an organization that shows real interest in working with a Volunteer, etc.). Reviews and references site history files when evaluating potential sites and incorporates appropriate safety and security-related information into site history files. Monitors Volunteer compliance with Peace Corps policies, especially related to safety and security. Participates in the design and implementation of the Emergency Action Plan (EAP). Acts as duty officer, as needed. Knowledgeable and supportive of Peace Corps safety and security policies and procedures, including the timely reporting of suspicious incidents, persons, or articles.

4. ROLES AND RESPONSIBILITIES

- Position is a member of the Programming and Training team.
- Position is supervised by the Program Manager, in close coordination with the Training Manager and Program Assistant/Regional Coordinator.
- Position has no supervisory role.
- May carry the pre-service training (PST) duty phone on a rotational basis.

5. LOGISTICS

- The duties and responsibilities of the technical coordinator are executed primarily from the Peace Corps Training Center and surrounding villages in Pagala. The technical coordinator will live in housing provided by the Peace Corps in either the training center or the surrounding villages. Occasional work in Lome or Volunteers sites may also be required. Absences from the primary duty station must be approved by the supervisor and the Training Manager.

6. LEVEL OF EFFORT

The technical coordinator will work on a schedule determined by the Peace Corps. During pre-service training, the technical coordinator may work up to six days a week. During other periods of the contract, the LCF may work for only one or two days at a time.
